# The University Coat of Arms

On 15 November 1909, the Faculty recommended to the Senate that the University of Alberta adopt the Provincial Coat of Arms as its emblem, with the addition of an open book superimposed upon the cross and the motto "Lux et Lex" (Light and Law). In January 1911, the present motto, "Quaecumque vera," was substituted for the originally proposed motto. In 1950, the form of the design was changed in keeping with the graphic style of the time, and a new description of the symbol was adopted.

In the 1980s, Dr John Schlosser, Chair of the Board of Governors, became concerned that the University of Alberta was using the provincial Coat of Arms without official heraldic authority. When Sandy Mactaggart became Chancellor in 1990, he started working with the Canadian Heraldic Authority in Ottawa to design a Coat of Arms which would be heraldically correct. He emphasized the importance of retaining the characteristics of the existing Arms of the University that have meant so much to generations of alumni, Faculty, and students.

Since the Middle Ages, Coats of Arms have been regarded as honours conferred under the Sovereign's prerogative powers. In Canada, these powers are now exercised by the Governor General, who appoints heralds to provide the necessary professional expertise. Canada's Athabaska Herald, Mr Charles Maier, therefore advised the University on the design of its Coat of Arms so it conforms to the traditional requirements of heraldic art.

The new design was finalized in early 1994. It was presented to the University by His Excellency the Right Honourable Ramon John Hnatyshyn, Governor General of Canada, at Convocation on 13 June 1994.

The full Coat of Arms is displayed at ceremonial occasions, such as Convocation, and is used by the Chancellor, as titular head of the University.

The symbolism of the University's Armorial Bearings (Coat of Arms) is as follows:

**Shield:** a representation of the topography of Alberta rendered in the colours of the University. At the base is a prairie wheat field symbolizing Alberta's agricultural industry. The wavy gold line above suggests the hills and rivers of Alberta and, in particular, the setting of the University campus. The top of the shield is in gold and separated from the rest of the shield by a line suggesting the Rocky Mountains. The book of learning dominates the design.

**Crest:** a Grand-Duc d'Amérique, or Great Horned Owl, the provincial bird and accepted symbol of knowledge.

**Supporters:** the Pronghorn, taken from the Provincial Coat of Arms, and the golden bear, mascot of the University. Both wear collars of the University colors, as does the owl.

**Compartment** (base of the Coat of Arms): a grassy mound with wild roses, the floral emblem of Alberta.

**Motto:** Quaecumque vera – "Whatsoever Things Are True" (Phil 4:8)

# Greetings to the Graduates

---

As we go through life, our progress is marked by special moments when we turn corners and new horizons open out before us. This convocation of scholars celebrates the happy observance of such an important turning point in your lives.

The ceremony is steeped in customs that have been passed down to us over the centuries. It is sedate, colourful, traditional, and meaningful. We hope you will enjoy the experience and will participate in the goodwill that permeates a day to be remembered.

By conferring its degrees, the University confirms that you have successfully fulfilled a rigorous course of study and have earned the right to enter into the collegiality of educated women and men. Be proud of what you have done, and be grateful for what the University has done for you.

---

Universities began as small collections of scholars who worked together to preserve and advance knowledge. Students came to study with them and, in due course, an administrative structure arose to provide system and recognition for those studies. This ancient structure is preserved at the University of Alberta, with the faculty and the students providing the core of the University's purpose: teaching and the advancement of knowledge. The faculty's task is facilitated by their colleagues in the academic staff, the Faculty Service Officers, the Administrative Professional Officers and the Librarians, and the University's dedicated support staff.

The faculty, numbering some 1,450, is responsible for creating programs of study, for teaching, and for evaluating the learning of the student body, both undergraduate and graduate. In addition, faculty members are responsible for the scholarly

---

I am delighted to join with your families and friends in congratulating you on the successful completion of your studies. You have reached this important milestone through a great deal of effort and hard work. You can be proud of your accomplishments.

Graduates of the University of Alberta. . . you have two supreme advantages. One is that you live in Canada. The second is that you are graduating from this fine institution. Today, you will leave with a credential that opens new doors and exciting opportunities. You also take with you the memory of having attended a university that in the conduct of its own affairs provides some striking lessons in how to succeed in today's world.

Understand that the University of Alberta is not just the campus which you know so well. It is everything that our graduates of yesterday, today, and tomorrow accomplish to make our world a better place to live in. Today you join a worldwide community of alumni, a hundred thousand strong, whose support and interest is vital to the enhancement of the quality and the value of the degrees which you receive today. Keep in touch, and never forget the University that nurtured the mind you use every day. You entered to grow in wisdom. You leave the better to serve your community and yourselves.

Welcome and Congratulations.

Louis D Hyndman  
Chancellor

reputation of the University by preserving and sharing knowledge and by pursuing new ideas and knowledge through their research.

The faculty and staff congratulate you, the graduates, on the successful completion of your present studies which is recognized by the degrees to which you are admitted today. Your achievement deserves praise. We hope your present knowledge provides a sound base for an education which will continue throughout a rewarding life. We would remind you of the advice given to graduands by Honorary Degree Recipient Dr Tommy Banks: "Try to be a good person. You will be amazed how rewarding it is."

Congratulations from the Faculty and Staff!

---

For many of you, convocation may mark the end of your formal program of studies. I sincerely hope though, that you will continue to pursue learning throughout your lives.

On behalf of Premier Klein and the Government of Alberta, I wish you all success and good fortune in the future.

Sincerely,

Clint Dunford, Minister

Advanced Education and Career Development

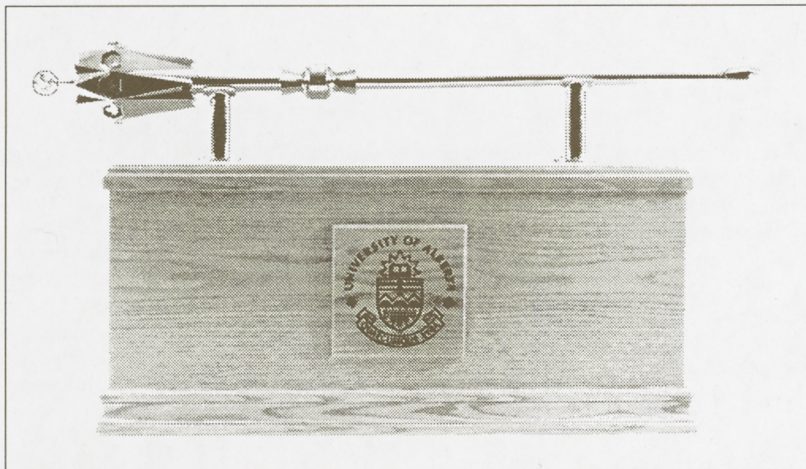

# University Mace and Ceremonial Chairs

The University of Alberta Mace was designed and crafted specifically for the University as a gift from Dr Francis Phillip Galbraith, Chancellor of the University of Alberta from 1964 - 1970. It was presented by his son, Michael Galbraith, on behalf of his father on May 26, 1970.

Among its elements are the Star of Saint Thomas Aquinas, the Patron Saint of Scholars; the Wild Rose of Alberta; the Maple Leaf; and the separate charges which make up the University's Emblem. The University motto "Quaecumque Vera" ("Whatsoever Things Are True" Phil 4:8) encircles the staff. The Mace is made of sterling silver which was rhodium plated after the insertion of the various enamelled shields which make up its elements. A special electro-plate process was used to apply 24 karat gold to other parts of the Mace.

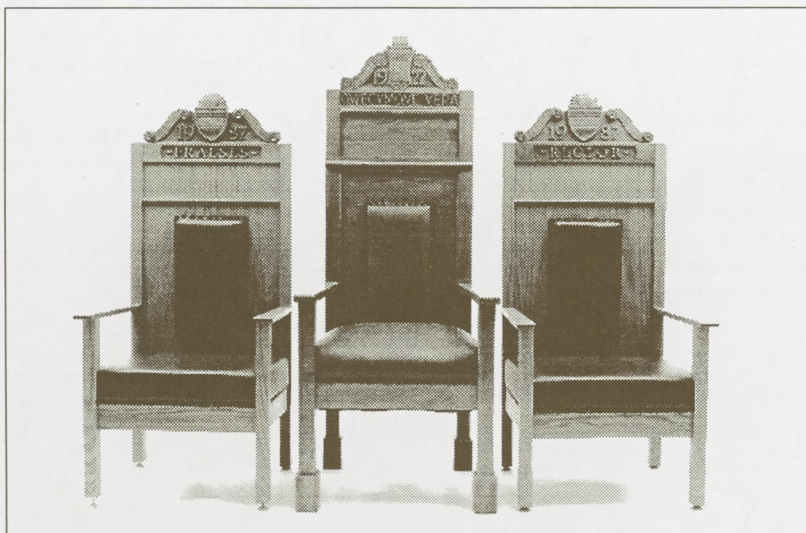

It was intended that the Mace should be modern in appearance but with medieval origins. The preponderance of visual weight at the top of the staff and the rather complex section through the metalwork at this point are reminiscent of the use of the mace as a weapon, defensive or aggressive.

The Mace is carried before the Chancellor, or Vice-Chancellor, in procession and rests on its stand in full view of the assembly during Convocation. Centuries ago the Mace was a symbol of authority over life and death. Today it represents power – but the power of knowledge and the importance of the University in the community.

The Chancellor's Chair was presented to the University of Alberta as a gift from the 1922 graduating class. It is made of solid oak with a padded leather back and seat. Above the padded leather back is carved the University motto "Quaecumque Vera" together with the class year, 1922, and the University emblem.

In 1987, the family and friends of Dr Charles Malcolm Macleod, Chair of the Board of Governors from 1950 to 1966, presented a memorial gift to the University of an oak stand for the University of Alberta Mace and two additional chairs for use by the President and the Chair of the Board of Governors at Convocation.

In the eleventh century, a new vitality quickened all aspects of the civilization of Western Europe. The creative forces thus unleashed soon found expression in new institutions, and of these the university bids fair to be the most enduring. The modern university is the lineal descendant of the university of the Middle Ages. Its purposes and organization, even much of its ceremonial, are medieval in origin.

The medieval university was originally called a *studium generale*, that is, a place of learning to which teachers and students from anywhere resorted. The first *studia* were at Salerno, Bologna, and Paris. These came into existence spontaneously and developed through the twelfth century as the needs of the time and their inner necessities dictated. In the thirteenth century these spontaneous associations crystallized into guilds or corporations endowed by Church and State with specific privileges which guaranteed the internal autonomy necessary for the vocation of study. To these corporations was increasingly applied the word *universitas* denoting the entire group of those responsible for the transmission of higher learning and the pursuit of knowledge.

By the beginning of the fourteenth century, two forms of university organization had appeared. At Bologna, which was primarily a higher school of canon and civil law to which came men experienced in ecclesiastical and secular administration, the control of the *studium generale* passed to the students; hence Bologna was a *universitas scholarum*. On the other hand in Paris and Oxford, whose dominant faculty was the Faculty of Arts, the *studium* emerged under the direction of a guild of teachers, a *universitas magistrorum*. Through its own officials, notably the chancellor (once symbol of external control and by now of internal autonomy), the guild of teachers developed its courses of instruction, administered its own affairs and admitted to its company only those who had met its intellectual standards. The University of Alberta stands in the tradition of Paris and Oxford.

Originally the goal of the medieval student was certification by the guild of teachers that he also was qualified to teach (the *licentia docendi*). With the passage of time the student's progress through the curriculum was marked by ceremonies which signified his successful attainment of a certain level (*gradus* or in modern language, degree) of competence. The Bachelor had completed his apprenticeship in the Faculty of Arts. The Master was now qualified to teach in

that Faculty and was thus incorporated into the *universitas magistrorum*. The Doctor was one who, having obtained the mastership, had successfully completed the curriculum of one of the "higher" faculties (in the Middle Ages, law, medicine, and theology) and was now qualified to teach in those faculties. Inevitably the degrees of the *universitas* did more than admit their holders to the teaching profession. They served the wider social purpose of demonstrating their holders' fitness to serve the entire medieval community.

Today's ceremony stems from the medieval tradition. The procession of the guild of teachers, whose solemn assembly, or convocation, is the modern equivalent of the medieval *magna congregatio* of all faculties, is led by the Chancellor and the Chief Marshal carrying the mace, the symbol of the University's corporate authority. The academic gowns, hoods, and caps, once the sober, disciplined dress of secular clergy and teachers, declare in their various designs and colours the academic qualifications of the Faculty. The citations and presentations by the Faculty to the Chancellor attest to him and to society the degree of proficiency attained by the students of the University. There follows a visible and public act whereby the *universitas magistrorum*, acting through its Chancellor, confers upon the students the appropriate degree. It is the act, not a certificate, which constitutes the validity of the degree bestowed. More, the formula, "I admit you" and the placing of the students' hands within the hands of the Chancellor and his associates, bind the students in the appropriate degree to the *universitas magistrorum*. The students thereafter bear for all time the mark of their association with this University. They have received what the University has been and presently is. Since they bear in themselves the promise of the future, they are what the University hopes to be. For all its solemnity, convocation is a joyous occasion.

The history of academic dress reaches far back into early days of the oldest universities. A statute of 1321 required that all "Doctors, Licentiates, and Bachelors" of the University Coimbra wear gowns. In England, in the second half of the 14th century, the statutes of certain colleges forbade "excess apparel" and prescribed the wearing of a long gown. It is still a controversial question as to whether academic dress finds its sources chiefly in ecclesiastical or in civilian dress. Gowns may have been counted necessary for warmth in the unheated buildings frequented by medieval

scholars. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap. This was itself displaced by a headdress more or less like one or another of those now recognized as "academic." [The mortar board, the hard, square cap commonly used as academic headdress today, evolved from the softer, more flexible "square cap" that was introduced in England in about 1490 and is named for the square board on a handle used by stone masons for holding the mixed mortar to be applied to walls.] Both Cambridge and Oxford have made academic dress a matter of university control to the extent of even its minor details and have repeatedly issued revised regulations. In Laudian days in Oxford it was prescribed that any tailor who departed from authorized design "even by a nail's breadth" in the making of any article of collegiate costume was to be punished by the vice-chancellor of the university.

Academic dress at the University of Alberta generally follows the prescription of Cambridge University in the design of the gown, and that of Oxford University in the design of the hood. The following page provides a detailed description of the academic dress at this institution.

In addition to the apparel worn by holders of degrees conferred by the University of Alberta, a collection of apparel specific to particular offices has also been developed. The President of the University wears a green gown faced with gold braid trim and lining and a green cap with a gold tassel. The Chancellor and Chancellors Emeriti wear gowns of teal blue with silver trim and black caps with silver tassels. The gowns of the senior officials bear an embroidered crest of the University. University Governors and Senators wear stoles bearing the crest of the University over their gowns: gold for Governors and green for Senators. The University Registrar wears a green gown with gold trim on the sleeves.

Graduates and staff of the University of Alberta who wish to purchase their own academic apparel are invited to contact: Harcourt's Limited, 26-28 Duncan Street, Toronto, ON, M5V 2B9. Order forms may be obtained by contacting the Convocation Officer in the Office of the Registrar.

## Doctorate Degrees

Doctors' gowns (PhD, DMus, and EdD) conform to the Intercollegiate Code in design. They are made of black material and the velvet trim on the sleeves is Philosophy Blue for the PhD and DMus, and Education Light Blue for the EdD. Doctor's hoods conform to the Intercollegiate Code in shape, size, and color. They are made of black material to match the gown, and have a full lining of gold satin with a six-inch green satin chevron. The velvet trim distinguishes the two degrees and matches the velvet trim on the gown's sleeves. There is a narrow green piping where the gold lining joins the black material. Mortarboards are the standard black trencher shape with black tassels, which are worn forward and to the left.

## Honorary Doctorates

Honorary Doctors of Laws, Letters, and Science wear a scarlet robe faced with white silk. Hoods are made in the Cambridge form of scarlet silk with a full lining of white silk. Caps are black velvet with a gold tassel.

*The Dean of the Faculty of Arts asks the candidates for degrees to rise, and presents them with these words:*

"Eminent Chancellor and President, on behalf of the Faculties, I present to you these scholars and ask that they be pledged and admitted to the degrees to which they are entitled."

### The Pledge

*The President then addresses the candidates in these words:*

"Do you promise faithfully to observe and loyally to maintain the statutes, customs, privileges, and liberties of this, your University? Do you solemnly promise to conduct yourself in all things loyally and faithfully to the honour of your University, the encouragement of learning, and the good of your country?"

*Each candidate replies:*

"These things I pledge myself to do."

### The Admission

*The Chancellor then addresses the candidates in these words:*

*The graduates may be seated.*

### **Presentation of Graduates**

*The graduates are presented individually to the Chancellor according to the establishment date of each program. Graduates receiving their degrees With Distinction are presented before other graduates of the same program. # Honorary Degree Recipient

---

**Dr Manmohan Singh** is the architect of India's market-oriented economic liberalization program. He played a key role in convincing the world that his country is committed to trade liberalization and freer markets. He also played a crucial role in the historic signing by India of the Uruguay Round of the General Agreement of Tariffs and Trade.

Dr Singh has been recognized for his contributions through Honorary Professorship at Jawaharlal University, New Delhi, Lifetime Membership in the India International Centre and Life Membership in the Indian Economic Association. He has also received Honorary degrees from the Universities of Delhi, Punjab, Guru Nanak, Sri Venketaswara and Mysore.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Manmohan Singh:

Werner Hoffmeister's *Travels in Ceylon and Continental India; Including Nepal and other parts of the Himalayas*. Edinburgh, Kennedy, 1848.

Hoffmeister accompanied Prince Waldenar of Prussia to the East in 1844-45 as his travelling physician, and this is an important first-hand account of the journey, including visits to the courts of Katmandu and Oudh. This first edition of the English translation includes two maps.

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

# Honorary Degree Recipient

---

**William Hurlburt**, who earned his BA in 1948 and his LLB the following year from the University of Alberta, has had an enormous impact on law reform provincially and nationally. He served as director of the Alberta Law Reform Institute from 1975 to 1986 and remains a consultant and counsel for the Institute. He has published extensively, made notable contributions to strengthen the ethics of members of the legal profession and was a member of a panel recommending rules of conflict of interest for Cabinet Ministers, Members of the Legislative Assembly and senior public servants.

William Hurlburt was appointed Queen's Counsel (Alberta) in 1969, received the Distinguished Service Award (1994) from the Edmonton Bar Association and the Fellowship, Institute of Advanced Legal Studies, London, England (1997).

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to William Hurlburt:

*Land Settlement: Across Canada with Lord Lovat... Inspection of Farms of new Citizens Brought to Canada Under the British Family Settlement Scheme.* [Ottawa, Department of Immigration and Colonization, 1928.]

This remarkable volume of mimeographed text and 94 tipped-in photos of new settlers and their farms includes first-hand reports on their experiences and progress. As an unpublished and apparently unique volume, this book is a major addition to the Library's Canadiana collection.

*The list of candidates for degrees appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

# Honorary Degree Recipient

---

**Per-Ingvar Brånemark**, Swedish professor, is recognized for his innovative work in the area of osseointegration biotechnology. His remarkable and unique work has improved the quality of life for thousands of people who have suffered the absence or loss of body parts. As a result of Brånemark's pioneering work, osseointegrated implants have become routine in the replacement of teeth, jaw reconstruction, cleft palate work and orthodontics.

Dr Brånemark has received numerous awards for his contributions to his profession including His Majesty the King's Golden Medal of the 8th Dimension in the Ribbon of the Order of the Seraphim (1990), the Golden Badge of Merit from the Faculty of Odontology, Gothenburg (1990) and the Research Award from the Royal Swedish Academy of Sciences (1991.)

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Per-Ingvar Brånemark:

Richard Twiss' *A Trip to Paris, in July and August, 1792*. London, printed at the Minerva Press, 1793.

Twiss was an important travel writer admired by Dr Samuel Johnson. His eye-witness account of the bloody French Revolution is one of the most graphic accounts available. This is Twiss' own private copy with extensive additional manuscript notes by the author, vividly describing the barbarity and callousness of some women as they maimed and disfigured the guillotined victims, and is a unique volume of living history.

# Honorary Degree Recipient

---

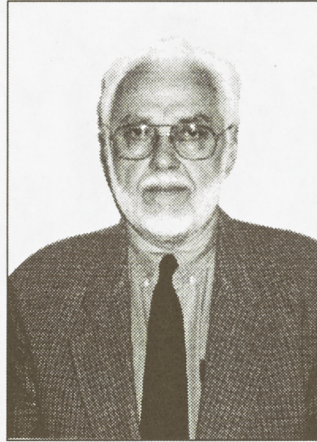

**Dr Robert Kroetsch** published his first novel, *But We Are Exiles*, in 1965. *Words of My Roaring* was published the following year. In 1969, *The Studhorse Man* was awarded the Governor General's Award for Fiction. Kroetsch published five more novels, ten books of poetry and two works of non-fiction. Born and raised in central Alberta, Kroetsch earned his first degree, a Bachelor of Arts, from the University of Alberta.

During the 1970s, Robert Kroetsch helped to found the internationally known journal *boundary 2*. His work has been translated into Chinese, Hebrew and German. He has been generous in his encouragement of other writers, both as a critic and as an editor.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Robert Kroetsch:

WWE Ross' *Laconics*. Ottawa, Overbrook Press, 1930.

This rare little volume is the first book of modernist poetry in Canadian literature and is thus the most important volume ever published by the Graphic Press and its offshoots. Ross was an Ontario geophysicist whose first poems appeared in prestigious American periodicals such as *Poetry* and *The Dial*. Ross, who died in 1966, was largely unknown in his lifetime except to a few poets. This is one of only a few copies to surface in the last two decades and was formerly owned by author John Metcalf.

# Honorary Degree Recipient

---

Edmonton businesswoman, philanthropist and community supporter **Margaret Zeidler** continues to lead Zeidler Forest Products as board chair, a position she assumed in 1973 after the death of her husband. Over the past quarter century she has built Zeidler Forest Products into one of the largest producers of plywood products in Canada. She is well known as one of the province's most dynamic female entrepreneurs whose philanthropic and community contributions are many.

In 1994, Mrs Zeidler was made a member of the Order of Canada, and in 1996 was named the first recipient of the Peter Lougheed Award of Achievement for Advancement of Health Services by the University Hospital Foundation.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Margaret Zeidler:

Elizabeth Barrett Browning's *Aurora Leigh*. London, Chapman and Hall, 1857.

Although Barrett Browning is best known for her beloved *Sonnets from the Portuguese*, *Aurora Leigh* is her most important work, and a major text of Victorian literature. This uncommon first edition is an enormously popular novel in verse, and went through 17 editions in 25 years. Partly autobiographical, it is a crucial document in the Victorian Woman Question debate and only in our time has it gained the critical attention it deserves. It traces the development of a female poet, exploring the nature of sexual differences, the role of the woman writer, and questions of gender and women's power.

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

# Honorary Degree Recipient

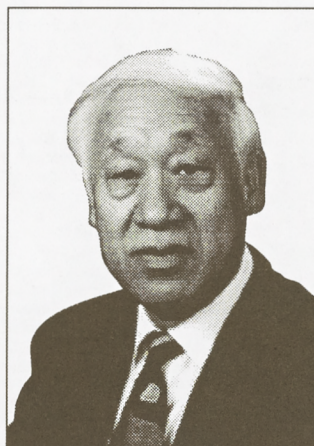

---

The former dean of the Faculty of Medicine at the University of Calgary, **Mamoru Watanabe** is recognized for his contributions to health research, physician resource management and medical information technology. Over the course of his career, he has challenged health-care providers to re-examine how they allocate resources. His recent publications have focused on the provision of health care in under-serviced regions and, in particular, on the influence of undergraduate and postgraduate education on recruitment and retention of physicians in rural Alberta.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Mamoru Watanabe:

Roberto Levillier's *Amerigo Vesputio*. Madrid, Ediciones Cultura Hispanica, 1966.

This first and only edition is a major and nearly definitive study of the life and works of Vesputio. The great 15th-century merchant and explorer made several voyages to the New World while in the service of the King of Portugal and may have named America. This volume is a valuable addition to our collection of travels and voyages, and includes many illustrations and historical maps.

# Graduates

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

# Honorary Degree Recipient

---

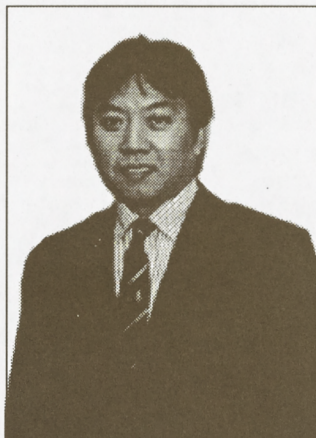

**Charles Chan**, who earned his Bachelor of Engineering degree from the University of Alberta in 1979 has made his mark on the world of business. The chairman and chief executive officer of the Paul Y-ITC Corporation, a construction company which he built into a major corporation with worldwide interests, and chairman of Tak Cheung Holdings Ltd has risen to become one of the leading industrialists in the Asian economy. Chan also has an interest in the Oxford Group, one of Canada's leading development companies.

Mr Chan is currently working with the University of Alberta to establish a joint program in Business Administration in the Peoples' Republic of China. As a catalyst for this international cooperative program in education, he continues to be a symbol of cross-cultural understanding and a staunch advocate of education.

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Charles Chan:

Oswald Siren's *The Walls and Gates of Peking. Researches and Impressions*. London, John Lane, The Bodley Head, 1924.

This landmark study of the remarkable historical gates of Peking includes 50 architectural drawings by Chinese artists and 109 photogravures by the author. Siren was a Swedish art historian who wrote several authoritative volumes on Chinese art in which he laid the foundations for the study of this subject in the West. This edition is number 54 of 800 copies printed.

# Graduates

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

## National Anthem

O Canada! Our home and native land!  
True patriot love in all thy sons command  
With glowing hearts we see thee rise,  
The True North strong and free!  
From far and wide, O Canada,  
We stand on guard for thee.  
God keep our land glorious and free!  
O Canada, we stand on guard for thee,  
O Canada, we stand on guard for thee.

O Canada! Terre de nos aïeux,  
Ton front est ceint de fleurons glorieux!  
Car ton bras sait porter l'épée,  
Il sait porter la croix!  
Ton histoire est une épopée  
Des plus brillants exploits.  
Et ta valeur, de foi trempée,  
Protégera nos foyers et nos droits,  
Protégera nos foyers et nos droits.

# Honorary Degree Recipient

---

**Dr Christopher R Somerville** earned his undergraduate and two graduate degrees in genetics at the University of Alberta. He pioneered a molecular genetic method to study photorespiration in plants. He chose a common weed, *Arabidopsis*, for his study and in the process developed it as a model for plant genetics and molecular biology that is now used throughout the world. One of the world's leaders in plant molecular biology, Somerville has used genetic engineering techniques to improve commercially useful biochemical pathways, such as changing the composition of edible oils in higher plants.

Dr Somerville was elected to the Royal Society, London (1991), received the Humboldt Senior Research Award (1992), Gibbs Medal, American Society of Plant Physiology (1993) and was elected to the US National Academy of Sciences (1996).

The Senate is donating the following volume to the Bruce Peel Special Collections Library to commemorate the awarding of the honorary degree to Christopher Somerville:

Thomas Sherman's *The Second Part of the Pilgrim's Progress, from This Present World of Wickedness....* London, for Thomas Malthus, 1683.

John Bunyan's *The Pilgrim's Progress* was such an extraordinary success when first published in 1678, it went through ten editions in as many years. This is the rare spurious second part by Sherman, published to correct the frivolous tone of Bunyan's original - and to satisfy a public that was clamoring for a sequel. In 1684 Bunyan yielded to public will and wrote a sequel himself. This is the second edition of Sherman's sequel, and one of only six copies known to survive.

Our University library has the only important John Bunyan collection in Canada, and one of the three most extensive on the continent. This volume is thus a major addition to a much-used source in 17th-century English literature.

*The list of candidates for degrees, diplomas, and certificates appearing herein is subject to such corrections, with respect to additions, deletions, and changes, as may be necessary. The information as presented is current as of the program printing deadline. Graduates attending the ceremony are presented to the Chancellor alphabetically, beginning with those graduates receiving their degrees "with distinction" or "with first class honors." The winner of the most prestigious award in each Faculty, if attending, is presented first.*

Convocation arrangements  
are coordinated by

Office of the Registrar and Student Awards  
Administration Building  
University of Alberta  
Edmonton, Alberta T6G 2M7

If you can, please share this program with a companion. Then, if you do not take it home, please leave it (in good repair) on the table outside the doors as you exit the auditorium. This will help us ensure that someone else can use it on another day of Convocation, and subsequently conserve paper.

Thank you for your assistance.
